Why are our Tapes unique

ISO 9001
ISO 13485

01 The original from Japan for over 40 years

02 Recommended by the DOSB
and used in top-class sports

03 The right tape for every skin
type and every requirement

04 All tapes are water-repellent, breathable
and latex-free. The hypoallergenic acrylic
adhesive of the Tape Classic provides
extra-long hold

05 The especially hypoallergenic STRATAGEL®-
adhesive technology from Gentle and Elite
even allows taping on problematic skin
conditions

THE ALL-ROUNDER

K-Active® TAPE CLASSIC

K-Active® TAPE CLASSIC

One tape for everything: Whether for therapy, sports or at home, no matter which body part. The All-Rounder in top quality.

- decades of experience, development and studies guarantee the highest level of safety
- the most popular K-Active® Tape among doctors and physiotherapists, athletes and private users
- reliable, long-lasting hold for all Tape applications

EXTRA SENSITIVE K-Active® TAPE GENTLE

K-Active® TAPE GENTLE

The extra-soft tape for sensitive skin. Popular among babies and toddlers, pregnant women, elderly people, allergy sufferers, chronic wounds and after operations.

Also THE tape for beauty taping for example on the face or décolleté.

- with particularly gentle adhesive for tape applications of all kinds
- significantly reduces the risk of skin irritation and rashes on sensitive skin
- extra-irritation-free removal of the tape, without additionally stressing the skin

K-Active® TAPE ELITE

The perfect tape for people with sensitive skin who demand everything of their tape. Sensitive as the Gentle, long-lasting like the Classic.

- Reliable hold, even during extreme challenges such as swimming, heavy sweating or for example during exercise baths
- gentle on the skin, even when removing the tape
- the favorite among athletes and patients with sensitive skin who put a lot of strain on the tape

SENSITIVE STRONG

K-Active® TAPE ELITE
